Last month I promised photos of the cabin updates. And while we've not completed our punch list due to delays from the harsh March weather, we're proud of our accomplishments to date and we're proud to be offering more value-added comforts to you. Still to be added: the new heat and air mini-splits, plumbed gas grill, and renovated back deck.

Flat Rock Playhouse is partnering with Hendersonville Tourism lodgers to offer YOU special performance rates. Our new nightly weekend rate is \$98 (not including sales and occupancy tax). But when you book directly with us for a two night stay, your lodging AND two tickets to a performance of your choice are only \$230 - and that includes all taxes and fees (for the exception of pet cleaning if you bring a pet). [Head on over to Flat Rock Playhouse](#) to check their new 2018 season, and then contact us to reserve your lodging.

REMINDER: We're running a mid-week special through the end of May. Stay any weeknight with us (Sunday - Thursday) for only \$65 a night! Relaxation and fun things like waterfalls, fireflies, and frog choruses enjoyed from your private deck, are even more magical without the tourist traffic of the weekends.

Lodging Rates 2018

Keith and I are still figuring out this short term vacation rental business. Last year was a period of trial and errors and determining whether we were cut out for this particular kind of side hustle, AND WE LOVED IT. However, we when sat down a few weeks back to evaluate the actual costs of doing business we realized our break-even is considerably more than we've been charging. So, moving forward, and hopefully for many years to come, [our new prices reflect a balance of sustainability while still being competitively underpriced to other local lodgers](#). We've sent notice and prorated rates to all guests with active reservations. All new reservations will be at our 2018 rates. Thanks for your understanding and continued patronage.
